

Connect Live

Real time messaging and multimedia intelligence sharing

Connect with other users from across the SentrySIS network. Real time messaging, share video and multimedia intelligence all from within the SentrySIS app. **Connect Live** provides all users with secure and instant communication to help reduce crime.

Why Crime Partnerships use Connect Live

Enabling partnership members to communicate with each other through quick and instant messaging.

Create 'chat conversations' and invite users to participate.

SentrySIS App available on Apple or Android.

Secure Video Conferencing for up to 25.

Fully GDPR-Compliant messaging and storage.

Instant image and video sharing direct to your mobile.

Reduces dependency on third party applications.

"Sentrysis is a vital tool in the UKPAC operation, helping address low-level crime and antisocial behaviour. By enabling real-time reporting and collaboration through the widely used platform, empowers our members to respond swiftly. This integration enhances the efficiency of policing, fostering safer communities and more effective crime prevention strategies"

Gareth Lewis, Chairman, UK Partners Against Crime
